1. In response to your memorandum, reference noted above, I am attaching herewith a revised listing of the KOBOLD projects for which expenditures of NRO funds are forecast for the quarter January through March 1967. This revision is in line with the OEL briefing of 13 January 1967; a number of changes have been made as a result of the decision regarding the OXCART program.

2. For clarification purposes, I have prepared this report on the basis that the date of OEL Program Review Board approval of funds will be considered the date on which funding commitments are made.
